Help the Toothbrush Find the Teeth

Seal Today to Prevent Decay.

Mom!

Hey Oscar,
ready for the
dentist?

I...
I think so...

There's nothing to
worry about, mijo.
You're just getting
molar sealants today.

Will it hurt?

Not at all! Molar sealants are
just a painless coating
painted on those permanent
molars of yours.

Hi! Ready to protect
those teeth from
harmful bacteria?

Yep, my mom said
it won't hurt.

Good! She must
have read that on
SmileCalifornia.org

I sure did!

Hi Oscar! Ok, This will only take a
few minutes, and you'll be back
home to finish up your homework
and play in no time!

You're all
done!

Sealants will help
protect your teeth for
years along with good
brushing habits.

He did great,
as usual.

Good job in
there, I'm
proud of you.

Thanks, mom!

How'd it
go, mijo?

Grandma!

I want to be a
dentist when I
grow up!

You can do anything
you set your mind to.

Must have gone well.

Went really well, Mama! When little
Mariana gets her permanent molars in,
Medi-Cal Dental will cover her molar
sealants at little to no cost for us too!
